VICTORY 2000

Portable Wireless PA System

VICTORY 2000

Portable Wireless PA System

FEATURES

VICTORY 2000, CHIAYO's classic flagship PA amplifier and iF award winner, provides four module slots for installing receiver, transmitting, MP3 recorder player and Bluetooth modules, allowing you to operate multimedia and connect to active speakers for audio link that create a more powerful listening experience.

Louder and clear

Built-in 200W class-D power amplifier and crossover drive 10" woofer and 1" tweeter and easily satisfy the amplification requirement of large events with a 500-1000 crowd, bringing an unprecedented quality sound experience.

Easy setup

CHIAYO's receiver module can quickly search for an interference-free working channel and operate channel synchronization with one click, easy and quick to set up, allowing users to enjoy excellent sound quality.

Move as you wish

Ruggedly aluminum enclosure with integrated retractable handle, wheels and built-in batteries for easy portability, always being the focus wherever you go.

Flexible customization

The multimedia functions are flexibly expandable based on the requirement of various applications, such as the receiver module of wireless microphone, MP3 recorder player, Bluetooth receiver and interlinking transmitter module.

Far reaching

Able to connect active and passive speakers to extend the coverage. Under the wireless audio interlinking mode, 1 to many, the coverage immediately doubles and all blind spots disappear.
